The 2016 Harry Jerome Indoor Track Championships at the Olympic Oval in Richmond

Martin Brower Blaze Sprint Team is entering its 2nd season as a club in B.C Athletics.

Last year the relay team started off the season by finishing last in its very first race, but by the end of the season the relay team had earned a bronze medal in the B.C. Track & Field Championships in Nanaimo B.C.

The Harry Jerome Indoor Championship Track Meet will be held on **Saturday February 6th** and the men's open relays will be the last event of the day, going at 5:10. There is a cover charge of \$5.00 and children 13 and under get in for free. There is underground parking which costs \$1.00 an hour. There is also overflow parking, but since it is the last event of the day people should be able to get parking spaces.

The team would really appreciate our fellow Teamsters Brothers & Sisters coming out to the event to support us. The team is growing and attracting high quality sprinters of all ages and we hope to improve over last year. The team would also be grateful if anyone who attends would take pictures and videos of the team's races, which we can post on our website. (Please email us: mblaze@shaw.ca)

A reminder to insert your parking ticket at the ticket payment booth, which is located in the restaurant and then insert it at the exit both when leaving.

Try to give yourselves and your family's plenty of time to get to the facility, find seating and familiarize yourselves with the building, as it is very large, with many services (including food).

The location is: *Richmond Olympic Oval* - 6111 River Road, Richmond, BC
