Dear Sisters and Brothers:

Re: GVRDEU 72-Hours Strike Notice Served

The GVRDEU has officially issued a 72-hour strike notice to the Employer, Metro Vancouver. The GVRDEU anticipates finalizing the essential service designation soon.

As per the communication from the GVRDEU to its members, "Once the 72-hour period elapses and the Essential Service Order is confirmed, the Union will possess the legal authority to initiate a strike action when it deems necessary to secure a fair and just offer. The earliest estimate for the conclusion of the Essential Service Designation is next Wednesday, September 27th."

Please rest assured that as soon as the GVRDEU notifies us that they are indeed in a legal position to enact job action we will promptly communicate with you the next steps. If you have any questions, please contact me or a Shop Steward.

Fraternally,
