 - Discussion on strike pay and coverage
- Nothing has been heard about the holiday closure – the Union will check and see if it is happening again
- Issue of temperatures brought up
 - Discussed the fact that there are some departments that are required to have coverage over the closure and using the button for heat is not effective
 - Discussion about ceramic heaters and how they were not permitted to be brought over or used in the new building. People were told they would be returned after a certain period and they were not.
 - Mentioned that on the first day back to work after a weekend the building is cooler until noon – could they turn on the heat earlier?
