

May 1, 2020

To all TLS participants,

**RE: Upcoming meal for drayage drivers: Week 4 – Thursday, May 7, 2020**

Over the past three weeks, the lunches provided for drayage drivers at the Commissioner Street staging lot have been very successful with overwhelmingly positive feedback from the drivers. As such, lunches will continue to be provided to drayage drivers throughout the month of May from small businesses in the Lower Mainland.

In recognition and appreciation of the dedication and continued services from the entire drayage community during this unprecedented time, *Teamsters, Local 31* has generously offered to provide this week's lunch on Thursday, May 7 from Shahi Catering. The meals will be handed out at the Commissioner Street staging lot on the South Shore of Vancouver starting at 11:00 a.m. until 5:00 p.m., or until all prepared lunches have been handed to drivers.

Once again, to ensure that physical distancing measures are maintained, food will be prepackaged in take-away containers and will be provided to drivers in their trucks by security personnel wearing personal protective equipment. To receive the lunches, container trucks can enter the staging lot and drivers are asked to follow instructions from security personnel on site.

As a reminder, we ask that drivers ensure the fluidity at the terminals by abiding to their respective reservation window policies and to remain compliant with those reservation windows.

Once again, thank you for your services during these extraordinary times. We ask you to please inform your drivers of this lunch program.

Sincerely,

Andy Sekhon  
Supervisor,  
Truck Licencing System Administration & Drayage Industry Liaison Vancouver  
Fraser Port Authority
